Wall Sconce

Nautical-inspired, Seaport is a collection of industrial fixtures to create your seaside retreat. Offered in a selection of finishes, the New England style is enhanced by protective cages that shield the otherwise exposed bulbs. Created to suit the needs of many, ball joints permit a multitude of configurations. Point all of the metal shade down for directional task lighting or angle it out to fit a tight space. Sconces are popularly used in halls, stairways, and foyers as accents. This sconce is approved for damp locations.
